

**SEPTEMBER 27, 2014**

Turn in your unused or expired medications for safe disposal.

**National Drug Take-Back**

The North Providence Police are once again partnering up with the U.S. Department of Justice Drug Enforcement Administration in hosting the annual National Drug Take Back initiative.

The event aims to provide a safe, convenient and responsible means of disposing of prescription drugs, while also educating the general public about the potential for abuse of medications.

**QUICK FACT:**

Participating in this drug take-back event instead of leaving medications unsecured in your home will help prevent drug abuse.

Every day 2,500 youth age 12 to 17 abuse a pain reliever for the very first time, and more teens abuse prescription drugs than any illicit drug except marijuana.\* And they find those prescription drugs in medicine cabinets of friends and family.
